Agency 5-Year Plan

Issue 1 To strive to expedite tax appeals in a manner that minimizes delays in the appeals process.

Description: The State Board of Tax Appeals hears and decides appeals filed by taxpayers and Arizona municipalities concerning income, transaction privilege, use, luxury, and estate taxes.

Solutions:

Maintaining a current appeals process continues to be the Board's chief priority. The timely issuance and publication of decisions not only benefits the parties involved in the appeals, but also provides much-needed guidance to tax attorneys, CPAs and tax partitioners, as well as others involved in the field of State taxation. Budget constraints over the past several years have forced the Board to compress the number of appeals heard into fewer scheduled hearing dates. This translates into a significant increase in the number of months to complete the appeals process because of the additional time between proposed decisions rendered by the Board and the final approval of the formal decisions. Over the past years the Department of Revenue has added a significant number of new auditors to its staff. Because the Board's caseload is directly related to the number of appeals generated at the Department of Revenue, more audits will certainly increase the number of appeals filed with the Board, and with no corresponding increase to the Board's budget, this will directly impact the Board's caseload. In the future, the Board may be compelled to request additional funding.
